Dear Sir:

The below-named attorney of record, authorized to act on the behalf of the  
assignee of record, hereby disclaims the terminal part of the entire patent granted on the above-  
identified application (09/309,412, hereinafter the '412 Application) which would extend beyond  
the expiration date of the full statutory term of U.S. Patent Application No. 10/824,985,

hereinafter the '985 Application, and hereby agrees that any patent so granted shall be enforceable only for and during such period that the legal title to the '471 Application shall be the same as the legal title to '985 Application. This agreement is to run with any patent granted on the '412 Application and to be binding upon the grantee, its successors or assigns. The undersigned further states that 100% of the title to the '412 Application is in Sony Corporation, a Japanese corporation, by virtue of an assignment from the inventors. The assignment was recorded on July 6, 1999 at reel 010066, frame 0168.

The evidentiary documents accompanying or referred to in this Terminal Disclaimer have been reviewed by the undersigned and it is certified that to the best of the undersigned's knowledge and belief, title is in the assignee seeking to take action.

The below-named attorney of record does not disclaim any terminal part of any patent granted on the '412 Application prior to the expiration date of the full statutory term of the '985 Application, in the event that: the '985 Application later expires for failure to pay a maintenance fee; is held unenforceable; is found invalid; is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a); or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

Please charge any insufficient fees or credit any overpayment associated with this Terminal Disclaimer to Deposit Account No. 50-0320.

Respectfully submitted,

FROMMER LAWRENCE & HAUG LLP
